There's a wonderful place I know Where they never see ice or snow Why don't you

go Down to New Orleans You can

ride in an old street car Even celebrate Mardi Gras Why don't you

go Down to New Orleans Try that

red beans and rice oh so nice You can even get a big pra-line

Visit Vieux Carre ev'ry day You can see a carnival queen You can

hear all the dixie-land Played by the great jazz bands Why don't you

go Down to New Orleans
